\* Open the file and select the part of interest to summarize \* Select the file language \* Select the language you want the output to be in \* Select the text language (the file and the language may have different languages) \* Start summarizing your document: the summary will appear in a new tab \* You can download the file or download a pdf version of the summary Essential Summarizer Free Summarize documents, web pages and multi-language documents in seconds Essential Summarizer is a special summarizer application that can take the document of interest, selected language, and desired language output, and summarize the file in a matter of seconds. You can not only choose from different languages, but also the chosen language can be different from the language the document is in. Key features: \* Open the file and select the part of interest to summarize \* Select the file language \* Select the language you want the output to be in \* Select the text language (the file and the language may have different languages) \* Start summarizing your document: the summary will appear in a new tab \* You can download the file or download a pdf version of the summary Google+ Local search Using the google + Local Searches, we can fetch the Lat, Long of a place that are mentioned in the search results. This is helpful for places where you don't have the necessary address, but you are familiar with the location. To obtain the location, you need to find the place in google maps. You can then give the Lat and Long and view it in google maps, and find the address. Easily search for businesses nearby With the new Google + Local Search, find local businesses and reviews, along with their location and contact information within minutes. Just enter your search request and we'll pull up information for businesses that match your request, including photos, reviews and ratings. Quickly look up places, businesses and people Find local places, businesses and people just by typing what you're looking for. You can even save these searches for later, so you don't have to type them out again. Whether you're looking for a venue or a local place to eat, Google+ Local Search lets you see where you're searching by showing you the contact information, the address,

#### What's New in the Essential Summarizer?

Essential Summarizer is the first program to summarize the content of any documents at the same time in a single click. It's essential to summarize information fast and avoid losing it! Essential Summarizer runs in your web browser, and it automatically parses and summarizes your documents as you type. It also provides results while you type! You can easily insert your own words or phrases to summarize your documents in a single click. With Essential Summarizer you can easily summarize any text, web page, or website in less than 5 minutes and quickly prepare summaries of all the documents in your folder. Essential Summarizer allows you to specify the maximum length of the summary you are interested in. This is especially useful when you want to summarize just a portion of a page and you need to be sure to only include the interesting part. In addition to text summaries, Essential Summarizer is also able to summarize web pages, web-based emails and websites. For example, it can summarize web pages or web-based emails with the information found in the pages or emails. What is new in official Essential Summarizer 7.0 software version? - New Release.
